

**The challenges we face today in the current COVID 19 pandemic.
We ask ourselves questions on what we should do next?**

We at MEC offer A-Z solutions from Design, Costing & Delivering office changes that meet international standards.

We offer a Health Check Report that covers various COVID 19 topics, such as:

- How companies' rebuild/change their office after the pandemic?
- Invest in air cleaning products and focus on indoor air quality
- Reinforce good hygiene
- Update safety measures
 - Workplace Safety
 - Display safety measures
 - Safety of each other in office space
- What to consider when going back to work
- Recommended Signage's and segregation ideas
- Wellness in the workplace staff checklist
- Review cleaning practices introduce or involve each staff

- Plan and phase workers safely back to the workplace
- Identify the essential workers

Design

- Review the current situation and recommend changes, including reconfiguration.
- Design packages that comply with the latest COVID - 19 standards, including costs
- Introduce free seating areas (regularly cleaned)
- Establish a 2-meter areas
- Re-think your meeting room
- Create more space and healthier workplace

Work from Home

- Prepare work from home strategies
- Regular Meetings from home (Zoom etc.)
- How does working from home affect your business
